THANK YOU

“Thank you for the generous grant in the amount of one month’s interest. ...God bless you and thank you for being a blessing!”

THANK YOU

“I just opened the mail and I was moved to tears to find a check from MB Foundation. There are some families at our church that won't receive the federal stimulus because of their immigrant status. We will do as your letter said, instructing us to use the grant for different needs including, ‘minister to your community, extend the love of Jesus to a hurting world, etc’. Thank you so much!”
